

KEEP DISCOVERY GREEN® THRIVING

BECOME A FOREVER GREEN MEMBER

There's no place in our great city of Houston quite like *Discovery Green*. A beautiful park and so much more- it is the setting for a myriad of free events that bring Houstonians from all walks of life together under one big Texas sky.

But we need your help today.

More than 700 free events that attract approximately 1.2 million people every year are made possible by generous contributions from people like you.

Support Houston's premier urban green space and enjoy these park perks.

A LITTLE BIT ABOUT OUR ROOTS

This village green was created by a visionary group of philanthropists, in 2008, who transformed a pair of drab, uninspired parking lots into a vibrant 12-acre park that now hosts over 70 free events for more than 1.2 million visitors annually.

Discovery Green is dedicated to our community's open spirit, the creativity and health of our citizens, the beauty of our natural heritage and Houston's commitment to environmental sustainability.

If you share our vision, join us today!
